Document Body

Carmen;

As a follow-up to my earlier voice message, we've received the data associated with the additional soil and concrete samples proposed under the Pechiney Sampling and Analysis Plan and have completed our initial evaluation of the congener data. We would like to setup a call with you and Patrick later next week to discuss the results. Would you all be available for a call on Thursday morning (11/11) or Friday (11/12). Let me know what works best for you all.

Thank you,

Linda Conlan, PG | Senior II Geologist
